Supporting data shall be provided with the notice of a claim. As to any supporting data that is not available at the time of the notice, Consultant shall provide with the notice its best estimate of the total cost of the claim and further supporting data shall be provided as soon as it becomes available. Consultant shall certify that the claim is made in good faith, that the supporting data is accurate and complete to the best of its knowledge and belief, and that the amount requested accurately reflects the contract adjustment for which Consultant believes the County is liable. Any controversy, dispute or claim arising out of, touching upon, or related to this Agreement or the breach thereof shall be resolved in the Circuit Court (or District Court) for Howard County, Maryland and the parties hereby consent to and agree to the jurisdiction of that Court as the exclusive forum for the resolution of such controversies, disputes or claims. Provided, however, in the event the presence of third parties is required for the complete resolution of the dispute, and the Howard County courts do not have jurisdiction over such third parties, then the County, at its sole option, may elect to have the dispute resolved in any court of appropriate jurisdiction.

At the County's option, Consultant may be joined in any jurisdiction as a party to any dispute initiated by any Third Party.

All references in this Agreement to the Director of the Department of Public Works shall be deemed to include the Director or his/her designee.

Any failure of the Consultant to give any notice, to provide supporting data or claim certification, or to file any appeal within the times set forth in this Agreement, shall forever bar and waive the claim regardless of whether the County incurred or demonstrates any prejudice resulting from the Consultant's failure to meet the time limits set forth in this Agreement.

D. Upon receipt of a Notice of Termination and except as otherwise directed by the County, Consultant shall: (1) stop work under the Agreement on the date and to the extent specified in the Notice of Termination; (2) take all necessary or appropriate steps to limit disbursements and minimize costs; and (3) furnish a report, as of the date or receipt of notice of suspension or termination, of the status of all activities conducted under the terms of this Agreement, including the work effort, funds, results accomplished, conclusions resulting therefrom and such other matters as the County may require.

Consultant further agrees to cooperate and provide any information requested by the County in connection with the completion of the Project including assignment of any contract rights the County may require. Consultant consents to and authorizes the making of any reasonable changes to the design of the Project by the County and such other Consultant as the County may desire. Except for the status report required in (D) above, any services provided by Consultant which are requested by the County after termination shall be fairly compensated by the County in accordance with the Rate Schedule set forth in the Contract Documents ("Rate Schedule").

F. Notwithstanding the provisions of this Article, Consultant shall not be relieved of liability to the County for damages sustained by the County by virtue of any breach of this Contract by Consultant and the County may withhold any payments to Consultant for the purpose of set-off until such time as the exact amount of damages due to the County from Consultant is determined.

- A. Consultant and its sub-consultants or subcontractors shall maintain books, records, documents and other evidence directly pertinent to costs, estimates and performance under this Agreement and any Federal, State or local rule or regulation, in accordance with accepted professional practice, appropriate accounting procedures and practices. In addition, those records that relate to any dispute or litigation, or the settlement of claims arising out of such performance, or costs or items to which an audit exception has been taken, shall be maintained and made available until three (3) years after the date of resolution of such dispute, litigation, claim or exception.
- D. The Consultant shall include the provisions of this Article in every sub-consultant contract or subcontract for the Work.
- E. If Consultant or his subcontractors or sub-consultants fail to retain for the period of time required by this Article the documents referenced herein, Consultant herein shall be entitled to no damages, compensation or equitable adjustments (including time extensions) for any claims based on information available from, or which may be verified by, documents that have not been retained.

ARTICLE 12. DEFECTIVE WORK

Neither the performance of services by the Consultant nor County acceptance of required reports shall relieve Consultant from the obligation to correct any defective work, whether previously or subsequently noted, and all defective work shall be remedied by Consultant on demand and at no cost to the County. Defective work includes, but is not limited to, such matters as erroneous or missing tabulations, drawings, contract documents, incomplete surveys, maps, or reports and incorrectly assembled reports, publications, etc. which is caused by error or omission. The County may withhold a reasonable amount from funds otherwise due Consultant on account of incomplete or defective work until such defective or incomplete work is cured.

ARTICLE 13. CHANGES OR ADDITIONAL SERVICES

The County may, from time to time, require changes in the scope of the services of Consultant to be performed hereunder. Such authorized changes or additional services, including any increase or decrease in the amount of the compensation to the Consultant, shall be incorporated in written change orders to the purchase order to this agreement and payment or adjustment effected as set forth in Article 25 of this Agreement. No such work shall proceed until Consultant receives an executed Change Order from the County.

ARTICLE 14. WAIVERS

The failure of the parties to enforce, at any time, the provisions of this Agreement or to exercise any option which may be provided herein shall in no way be construed to be a waiver of such provisions nor in any way to affect the validity of this Agreement or any part thereof or the right of the parties to enforce thereafter each and every provision.

ARTICLE 15. COUNTY FURNISHED DATA

Where existing information, data, reports, records, and maps as are existing and identified by Consultant, available to the County without significant cost, and necessary for the carrying out of the work, the County shall furnish such data to Consultant without charge.

The County shall provide no clerical assistance to Consultant for this Project and County personnel shall not be asked to undertake surveys, analyses, tabulations, summaries, etc., of Consultant-produced data or documentation. However, County employees may participate in Consultant-conducted surveys as questionnaire recipients or survey groups for the purpose of providing information and opinions.

ARTICLE 16. MEETINGS

Throughout all phases of the Project, Consultant and its sub-consultants must meet periodically with the County Project Manager when reasonably requested. Attendees shall be as determined by the County Project Manager. When requested by the County Project Manager or the Director, selected Consultant personnel shall attend meetings, conferences and presentations with County staff, public agencies, private organizations and others concerned with this project. Consultant shall take and transcribe minutes of all project meetings and provide them to the County within 10 days of such meeting(s).

ARTICLE 17. PAYMENT

The Consultant hereby agrees to undertake the project for the fee and/or the unit prices set forth in Exhibit B attached hereto and any additional sums added by approved change order. Payment shall be in proportion to the services performed so that the compensation at the completion and issuance of written approval of each phase of the work shall not exceed the amounts set forth in Exhibit B.

County-directed adjustments in direction or emphasis of the work effort will not be considered as adequate justification for cost renegotiation, provided such adjustments do not constitute a change in the general scope of the Project.

Payments for Additional Services of Consultant as described under Article 25 shall be made monthly upon presentation of Consultant's statement of services, fully supported by invoices, time records, and other documentation as requested by the County. The fee for such Additional Service shall be so identified on the Consultant's invoice or statement.

In no event shall the compensation paid to the Contractor exceed the budget appropriation during the term of this Agreement, including renewals thereof.

All labor rates shall be fixed for a period of two (2) years from the date of Purchase Orders, or six (6) months beyond the applicable completion date set forth in the Project Schedule, whichever is later. Where the Project is extended beyond such date, Consultant shall be entitled to an increase in fee. The increase shall be calculated by comparing Consultant's expenses and payroll rates in effect at the specified completion date for the Project and those expenses incurred and payroll rates in effect as of a date at least six months beyond the completion date shown on the Project Schedule. Consultant shall be allowed the appropriate percentage of increase in payroll and expenses providing such increases actually reflect increases in payroll and expenses occurring since the completion date in the original Project Schedule. Such increases shall be verified by submitting such documentation as the County may require reflecting any cost increases claimed. Such increases shall be limited to direct costs and expenses only and shall not include overhead or profit or any increase in any multiplier.

**ARTICLE 18. COVENANT AGAINST CONTINGENT FEES**

Consultant warrants that it has not employed or retained any person, partnership, corporation, or other entity, other than a bona fide employee or agent working for Consultant, to solicit or secure this Agreement, and that he has not paid or agreed to pay any person, partnership, corporation, or other entity, other than a bona fide employee or agent, any fee or any other consideration contingent on the making of this Agreement. For breach or violation of this warranty Howard County shall have the right to terminate this Agreement without liability, or, in its discretion, to deduct from the contract price or consideration, or otherwise recover the full amount of such fee, commission, percentage, brokerage fee, gift or contingent fee.

**ARTICLE 19. METHOD OF PAYMENT**

- A. Consultant shall, at the designated time set forth in the Project Schedule incorporated into this Agreement, submit on its standard form an invoice for its services rendered. - C. In event of dispute or defective work, the County reserves the right to withhold payment until such time as the dispute is resolved, the defective work corrected, or settlement is achieved through other means. Any such withholding shall not excuse Consultant from proceeding diligently with the performance of services under the Contract Documents.

**ARTICLE 20. EQUAL EMPLOYMENT**

By signature hereon Consultant agrees and affirms that it accepts and will conform to the Howard County Affirmative Action Program, which states that:

"Howard County expects that the Consultant will not discriminate against any employee or applicant for employment because of race, creed, color, national origin, gender identity/expression, sex or age. The Consultant will take affirmative action to ensure that applicants are employed and that employees are treated during employment without regard to their race, creed, color, national origin, sex or age."

In addition, Consultant further certifies that it now complies and will continue to comply with all Federal, State and local laws and regulations pertaining to equal opportunity and equal employment practices.

The foregoing shall apply, without limitation, to losses of all types including destruction or degradation of the environment and all clean-up costs, fines, penalties and other pollution-related items. This indemnification is not to be deemed as a waiver of any immunity which may exist in any action against Howard County, MD.

Further, the Consultant shall not reduce or cancel or change any of the required coverages without 60 days notice of such change to the County. Upon notification by the County that required coverage has lapsed for the Consultant or any of its sub-consultants, the County shall have the right to purchase such insurance and the Consultant shall be responsible for the payment of any applicable insurance premiums.

ARTICLE 23. SUBCONTRACTING OR ASSIGNMENT

Time extensions will be granted only for excusable delays such as delays beyond the control and without the fault or negligence of Consultant.

Consultant must notify the County in writing upon discovery of an excusable delay with documentation concerning the cause(s) for delay. Any delay prior to notification shall not be considered excusable delay.

Consultant shall not be responsible for delay which may be occasioned by actions which a professional could not reasonably foresee but shall be responsible for those which would have been avoided by the exercise of usual and customary professional care. Consultant shall not be held liable for any failure to perform this Agreement within the time limitations if such failure arises out of causes beyond the control and without the fault or negligence of Consultant. Such causes include: Acts of God or of the public enemy; fires, floods; epidemics and quarantine restrictions; but in every case, the failure to perform must be beyond the control and without the fault or negligence of Consultant. As to any lump sum item, Consultant shall submit to the County, prior to the start of the work, a breakdown of the tasks involved in each lump sum item and hours by discipline estimated to be used by Consultant on each task. No additional services shall be performed by Consultant without prior notice to the County that the activity in question is considered to be an additional service by Consultant, together with a proposed fee adjustment. The County shall issue notice to proceed for the additional services. No additional services shall be paid for without such prior notice to the County and issuance of the County's Notice to Proceed. In the event the amount of or fact of additional services is subject to dispute, Consultant shall promptly proceed to perform the work subject to the dispute resolution provisions of this Agreement. Absent any dispute, payment shall be made upon satisfactory completion of said additional services. In the event of a conviction, Consultant shall be liable for the refund of all fee paid under the Agreement. - E. If Consultant fails to perform the services, or any part of the services, in conformance with the standard set forth in Paragraph A above, and such failure is made known to Consultant within two years after expiration of this Agreement, it shall, if required by the County perform at its own expense and without additional cost to the County, those services necessary for the correction of any deficiencies or damage resulting, in whole or in part, from Consultant's failure. This obligation is in addition to and not in substitution for any other remedy available to the County.
- F. Consultant shall be required to furnish, upon request by the County, proof that it has the financial capacity to provide the services and that it is financially able -- through its own resources or through a qualified surety -- to protect the County from errors and omissions that might arise from direct performance of the services or the performance of the services by third parties relying on the completed design or work product.

ARTICLE 34. COORDINATION WITH THE COUNTY

The respective requirements of County agencies shall be incorporated into the project to assure their concurrence and where required, their written approval of the development of the construction documents. The County will coordinate Consultant's request for specific information available from County agencies.

No such officer or employee shall accept any service or thing of value, directly or indirectly, from any person, firm or corporation having dealings with the County, upon more favorable terms than those granted to the public generally, nor shall he receive, directly or indirectly, any part of any fee, commission or other compensation paid or payable by the County, or by any person in connection with any dealings with the County, or by any person in connection with any dealings with or proceedings before any branch, office, department, board, commission or other agency of the County. No such officer or employee shall directly or indirectly be the broker or agent who procures or receives any compensation in connection with the procurement of any type of bonds for County officers, employees or persons or firms doing business with the County. No such officer or employee shall solicit or accept any compensation or gratuity in the form of money or otherwise for any act or omission in the course of his public work; provided, however, that the head of any department or board of the County may permit an employee to receive a reward publicly offered and paid for, for the accomplishment of a particular task.

(b) **Rules of construction; exceptions by Council.** The provisions of this Section shall be broadly construed and strictly enforced for the purpose of preventing officers and employees from securing any pecuniary advantages, however indirect, from their public associations, other than their compensation provided by law.

In order, however, to guard against injustice, the Council may, by resolution, specifically authorize any County officer or employee to own stock in any corporation or to maintain a business in connection with any person, firm or corporation dealing with the County, if, on full public disclosure of all pertinent facts to the County Council by such officer or employee, the Council shall determine that such stock ownership or connection does not violate the public interest.

The County Council may, by ordinance, delegate to the Howard County Ethics Commission the power to make such determinations and to authorize the ownership or connection. Any ordinance which delegates this power shall provide for procedures including a public hearing, and shall establish criteria for determining when the ownership or connection does not violate the public interest.

(c) **Penalties.** Any officer or employee of the County who willfully violates any of the provisions of this Section shall forfeit his office. If any person shall offer, pay, refund or rebate any part of any fee, commission, or other form of compensation to any officer or employee of the County in connection with any County business or proceeding, he shall, on conviction, be punishable by imprisonment for not less than one or more than six months or a fine of not less than \$100.00 or more than \$1,000.00, or both. Any contract made in violation of this Section may be declared void by the Executive or by resolution of the Council. The penalties in this Section shall be in addition to all other penalties provided by law.

*Code Section 4.119. Ethics and Fair Employment Practices.*

(a) **Conflict of Interest.** Bidders, vendors, purchasers and county employees involved in the purchasing process shall be governed by the provisions of the Howard County Charter and Howard County law regarding conflict of interest. No vendor shall offer a gratuity to an official or employee of the county. No official or employee shall accept or solicit a gratuity.

(b) **Discouragement of Uniform Bidding.**

(1) It is the policy of the county to discourage uniform bidding by every possible means and to endeavor to obtain full and open competition on all purchases and sales.

(2) No bidder may be a party with other bidders to an agreement to bid a fixed or uniform price.

(3) No person may disclose to another bidder, nor may a bidder acquire, prior to the opening of bids, the terms and conditions of a bid submitted by a competitor.

(c) **Fair Employment Practices**

## APPENDIX D

## EQUAL BUSINESS OPPORTUNITY PARTICIPATION

**NOTICE TO PRIME CONTRACTORS**  
**10% SUBCONTRACTING GOAL ON CONTRACTS**  
**VALUED AT \$50,000 OR MORE**

Howard County Code Section 4.122 established an Equal Business Opportunity program to foster overall equity and fairness to all citizens in relation to business enterprises conducting business with the County.

If a contract is \$50,000 or more, the Prime Contractor shall make a good faith effort to comply with the Howard County Equal Business Opportunity (EBO) program's 10% subcontracting goal. The Prime Contractor shall make a good faith effort to obtain minority subcontractor participation even if the Prime Contractor has the capability to complete the work with its own workforce. This is also applicable to Prime Contractors that are minority-owned firms. The percentage requirement may vary. Prime Contractors should submit the following completed *Equal Business Opportunity Subcontractor Participation Form* with the bid. Identify subcontractors prior to submitting the proposal. After contract award, changes in subcontractors require the written approval of the EBO Coordinator.

Possible areas of obtaining subcontracting participation include, but are not limited to, flagging services, hauling, copying and printing, and the purchase of materials used in performing the contract. Contractors may use minority, women or disabled business enterprises certified by Howard County, Maryland; the Maryland Department of Transportation; the City of Baltimore, Maryland; or another certifying entity in order to satisfy the 10% subcontracting goal. The website addresses for lists of minority businesses are:

[http://www.howardcountymd.gov/Purchasing/Purchasing\\_EBO.htm](http://www.howardcountymd.gov/Purchasing/Purchasing_EBO.htm)

[http://www.mdot.state.md.us/MBE\\_Program/index.html](http://www.mdot.state.md.us/MBE_Program/index.html)

<http://cityservices.baltimorecity.gov/mwboo>

Contractors should submit a completed *Equal Business Opportunity Subcontractor Participation Form* with the bid identifying each certified EBO firm they intend to use on the contract. However, if the EBO Subcontractor Participation Form is not submitted with the bid, the County may request EBO subcontractor participation of the successful contractor.

Contractors failing to achieve the Equal Business Opportunity Program goal following a good faith effort to obtain participation must complete the *Equal Business Opportunity Program Request for Subcontracting Waiver* and provide documentation of its good faith attempts to obtain EBO participation. The County will determine if the efforts made satisfy a good faith attempt. A waiver will only be considered in rare contracts after a determination that the Contractor has made a good faith effort and thoroughly documented the efforts. Contractors should submit the *Equal Business Opportunity Program Request for Subcontracting Waiver* with the bid. However, if the request for waiver form is not submitted with the bid, the County may obtain the request for waiver of the successful contractor.

If the County exercises its option to renew the contract, it is expected that the EBO subcontracting goal will be met for each subsequent contract year when the contract amount is \$50,000.00 or more. Questions relating to the EBO program shall be directed to the EBO Coordinator 410-313-6370.

**PRIME CONTRACTORS' COMPLIANCE OF EBO SUBCONTRACTOR PARTICIPATION**

Prime Contractors that are awarded County contracts shall maintain adequate records of EBO participation on County contracts. The County may require that prime contractors report whether or not they met the proposed EBO subcontracting goal, so that the County can track compliance of EBO participation on County contracts.

**APPENDIX E**  
**Information on Howard County, Maryland's Living Wage Requirement**

**Basics of the Howard County Living Wage Legislation**

In 2007, the Howard County Council passed legislation requiring a minimum "living wage" for employees of certain contractors and subcontractors of Howard County. A Contractor that is defined as a "Covered Employer" under Howard County Code Section 4.122A shall pay each employee an hourly rate sufficient to at least equal 125% of the federal poverty guidelines for a family of four individuals calculated on the basis of a 40-hour work week for 52 weeks.

Howard County Code Sec. 4.122A applies to service contracts estimated to be over \$100,000.00 per year. The code does not apply to commodities contracts, contractors who employ fewer than 5 employees during the contract term, public entities, non-profit organizations, or contracts awarded under sole source, emergency, or expedited procedures. Other contractors may also be exempt; see the complete list of exemptions in Section 1 on the front of this form.

The living wage requirements do not apply to an employee:

- who performs no measurable work related to any contract with the County
- who participates in a government-operated or government-sponsored program that restricts the earnings of or wages paid to employees to a level below the wage required under the law
- who participates for not longer than 120 days in a calendar year in a government-operated or government-sponsored summer youth employment program
- for whom a different wage rate is expressly set in a collective bargaining agreement, or
- for whom a higher wage is required by a federal, state, or County law.

This form serves as written certification to the County of your firm's intent to comply with the County's wage requirements during this term and any subsequent renewals. A Covered Employer shall not subdivide a contract; pay an employee through a third party; or treat an employee as a subcontractor or independent Contractor to avoid the imposition of any requirement under this law. Failure to comply with this requirement at any time during the initial term and subsequent renewals may be sufficient cause for termination for default. A violation of this law is a Class A civil offense; in addition to a fine, the County may suspend or debar the violator under Howard County Code Sec. 4.117.

**Current Living Wage Rate in Howard County**

As of January 26, 2015, the Living Wage Rate is **\$14.57 per hour**.

**How the Living Wage Rate is Calculated**

The Howard County Living Wage Rate is calculated by taking 125% of the Federal Poverty Guideline for a family of 4, then using this amount to determine the hourly rate based on 40 hours/week. For example, on January 26, 2015, the Federal HHS Poverty Guideline was published as \$24,250 for a family of 4 (see [www.aspe.hhs.gov/poverty](http://www.aspe.hhs.gov/poverty)).

$$125\% \text{ of } \$24,250 = \$30,312.50 \quad \$30,312.50 \div 52 \text{ weeks} \div 40 \text{ hrs/week} = \mathbf{\$14.57 \text{ per hour}}$$

This hourly rate must be paid to employees (full-time or part-time) during the time the employees actually provide services to the County. The current Living Wage remains in effect until new Federal HHS Poverty Guidelines are published next January. If there is a change, the Office of Purchasing will attempt to notify all current contractors via email using the email address provided on this form. The current rate is posted on our website at [www.howardcountymd.gov/purchasing](http://www.howardcountymd.gov/purchasing). It is the contractor's responsibility to ascertain the current rate.

**Since the rate is subject to change annually, you must ensure that your bid pricing is sufficient to cover the cost of any increases during the term of the contract, including subsequent renewals.** All prices shall take the current wage rate, and subsequent increases in the wage rate, if any, into account and there shall be no unit price adjustment for future wage rate increases during the initial term of this agreement and any subsequent renewals thereof. Future wage rate increases are hereby defined as any new rates approved by the County that take effect after and supersede the rate shown in this solicitation.

**If you have questions about the Living Wage Requirement or how to complete this form, please contact the Office of Purchasing at [purchasing@howardcountymd.gov](mailto:purchasing@howardcountymd.gov) or 410-313-6370.**

June 2014**

**Executive Summary**

Howard County Department of Public Works (the County) has contracted with Whitman, Requardt, and Associates (WR&A) to conduct an in-depth analysis of storage in the County's distribution system. The focus of the initial (Phase I) portion of the study was on water storage needs for the entire County water service area, as well as a zone-by-zone analysis. In addition, some areas of specific concern, including the 630 West pressure zone, were analyzed. WR&A analyzed storage volume through several methods - using water storage calculations, a mass balance of the water system, and the County's hydraulic water model.

Storage volume was first evaluated using a storage volume calculation. Under current conditions, the calculations showed storage deficits in the 400, 550, and 630 West Zones. These deficits will be resolved by Year 2015 with the addition of the new Guilford (400 Zone) and Marriottsville (630 West Zone) Tanks, and the scheduled improvements to the Route 29 Pump Station, which will allow the 550 Zone to utilize the full 10.0 MG of storage volume from Baltimore City's Catonsville Reservoir.

WR&A next conducted a mass balance analysis of the County's water system by pressure zone using flow meter and pump station/pressure reducing valve (PRV) operating records to calculate the approximate distribution and consumption of water among the various pressure zones. Small discrepancies in recorded flows between the meter data and the operating records at many of the PRVs and pump stations were observed; however, on the whole, flow values between the model and the measured flows appear to correspond well.

Storage volume was then evaluated using the County's hydraulic water model. One area of particular concern for the County is the southern portion of the 630 West Zone (where the hospital is located), which has only one point of supply, the Columbia Pump Station. According to the hydraulic modeling, the 630 West Zone cannot be adequately served with the Columbia Pump Station out of service through the addition of pipe looping or interconnections within the 630 Zones. Head losses in the northern portion of the 630 West piping network are too great to maintain a sufficient gradient in the southern portion. The addition of a second pump station for the southern portion of the 630 West Zone would provide a backup for the Columbia Pump Station or the Harpers Choice Tank in the event of a service interruption, or a scheduled outage.

The hydraulic model was also used to evaluate storage and system operations in other portions of the distribution system. Modeling showed that the existing Food Market Tank is currently capable of providing adequate storage for the 400 Zone. The addition of the 2.5 MG Guilford Tank will resolve the calculated capacity deficit in the 400 Zone until Year 2030, and will allow the 400 Zone to operate in a more self-sufficient manner. The addition of a new Guilford Tank will also allow for greater flexibility in the operations of the water supplies to the zone. The impact of upgrading the All Saints Supply was evaluated; and, the hydraulic model showed that this upgrade had a greater impact on the 550 Zone and the level in the Scaggsville Tank, than on pressures in the 400 Zone. modeling was also conducted to evaluate the impact of having the Whiskey Bottom Pump Station out of service. The model predicted that tank levels and system pressures are minimally affected with the pump station out of service through Year 2020. However, the Whiskey Bottom Pump Station becomes a key element in moving water into the 550 Zone, should the County implement additional supply via the All Saints Pump Station.

The Phase I study is included in its entirety in the Appendix.

Additional modeling was performed under this study (Phase II of the Water Storage Study - WWFEDS Contract # CA 08-01 Change Order #1) to identify any further requirements, such as pipe sizing and lengths, for a pump station serving the 630 West Zone. The Sanner Road 630 Zone interconnection was previously shown not to be a viable option; however, the County requested further modeling be completed for this alternative, as a water main design project for Sanner Road (W-8306) is currently in progress as a 550 Zone loop.

WR&A identified three possible locations for a backup pump station for the 630 West Zone. These are located along Grace Drive on the southern border of the 630 West Zone, along Clarksville Pike to the east of the 630 West Zone and as an expansion of the existing Route 29 Pump Station, also to the east. The stations were modeled with the intent that they would maintain full redundancy for the Columbia Pump Station. Model results show that all three locations are able to supply the required flow to maintain pressures in the 630 West Zone, as long as associated piping improvements are included. Pros/cons and costs are presented in the report Conclusions.
